

CLASSIC CAR QUESTIONNAIRE:

Please answer each question with as much information as possible.

Owner's name:

Car date and model:

HISTORY:

When and where did you purchase this car?

What is the story behind purchasing the car?

What shape/condition was the car in when you purchased it?

How many miles did it already have on it?

Do you know the history of the car (where it was originally made, previous owners)?

PERSONAL:

What does this car represent to you?

When you sit behind the wheel of this car, what are your immediate thoughts?

(For example, one owner said driving his car was a "stress-reliever.")

What/who influenced your passion for cars? How did this occur?

Can you think of any memorable story (funny, sad, exciting) associated with this car?

What is the ultimate pleasure of owning such a car?

Do you own, or have you restored other collectible cars? If so, what were they?

What do you intend to do with this car?

In your opinion, how do you see the future for classic cars from the 1960s-1970s?

TECHNICAL:

What exactly did you restore? Please be specific.

What was the engine when you purchased the car, and if applicable, what have you replaced it with?

Who, if anyone, helped you restore it?

What part/section took the longest to restore? Why?

What is the hardest part to maintain? (i.e., electronics, brakes, oil leaks, etc.)

Have you repainted it? What color? What was the original color?

How long did it take you to restore it?

What is the car like to drive? (drives like a bus, too powerful for street traffic, needs to be updated for safety reasons, etc.)
